

4/29/XXXX

The Umbra Division located and recovered an artifact from [REDACTED], Massachusetts roughly 3 days ago. The artifact has been delivered to the Labyrinth Subdivision-V and stored within the observation sector. It is currently pending a classification, though it does not seem to be a threat at present. Overseers from Ring II will be arriving on site later today for transport to the Labyrinth. End of report.

4/30/XXXX

The artifact has been transferred to an Overseer from Ring II. Classification has been approved as NULL. The artifact has also been designated the name "A15 - Key of Salvation", a direct request from Minos. All personnel beyond the Central Command and Overseers from Ring I and Ring II are forbidden from requesting use of or interacting with A15. An official entry will be documented and logged within the archives by Ring I Overseers as soon as possible. End of report.
